

# Community Learning at City of Bath College

## Keeping Up with the Children-literacy

This **free** 10 week course will introduce parents/children to how children are taught literacy in YR 1/YR 2 and increase confidence and knowledge to support their children at home.

### What will I be doing?

Developing an understanding of literacy and discussing the importance of communication skills and exploring different learning styles.

Looking at examples of games and activities to develop and encourage speaking and listening.

Working alongside your child and sharing ideas and experiences with other parents/carers.
